

280 Series Tracks:

Heavy duty, galvanized steel box track for medium, large, and heavy curtains. Includes 3/8" dia. curtain cord and 5" trim chains on each carrier. Typically used as a bi-parting (center opening) track with cord operation. May also be used as "one-way" cord operated track for moving leg curtains, scrims, or painted drops on and off stage. Special heavy duty carriers are available for moving scenery along the track. Following catalog numbers are for ordering tracks "complete with all normal accessories" (CWANA). Some tracks have optional or required hardware which is not included in the CWANA price, and all CWANA prices require a minimum track length.

Catalog No.	Description	CWANA Price
280	Bi-parting operation with center overlap, includes #2801 and #2802 carriers	\$ 35.02/ft.
380	Same as #280, except with black aluminum track and black track parts	\$ 38.06/ft.
281	Same as #280, but with neoprene-tired ball-bearing carriers #2849 and #2850	\$ 70.56/ft.
381	Same as #281, except with black aluminum track and black track parts	\$ 71.13/ft.
282	Same as #280, but with nylon-tired ball-bearing carriers #2851 and #2852; 5" dia. end pulleys #2863 and #2864; and 5" dia. floor pulley #2866	\$ 62.38/ft.
382	Same as #282, except with black aluminum track and black track parts	\$ 69.39/ft.
280-A	Same as #280, but with #2801-B metal body carriers (instead of plastic body)	\$ 37.40/ft.
380-A	Same as #380-A, except with black aluminum track and black track parts	\$ 38.38/ft.
283-N	Same as #282, but with 1/2" dia. rope; 8" dia. end pulleys #2863-A and #2864-A; and 8" dia. floor pulley #2866-A	\$ 69.54/ft.
383-N	Same as #283-N, except with black aluminum track and black track parts	\$ 75.15/ft.
283-R	Same as #283-N, but with neoprene-tired ball-bearing carriers #2849 and #2850	\$ 84.78/ft.
383-R	Same as #283-R, except with black aluminum track and black track parts	\$ 84.91/ft.
284	Single section walk-along track (no cord or pulleys) uses #2801 and #2802 carriers	\$ 29.64/ft.
384	Same as #284, except with black aluminum track and black track parts	\$ 32.41/ft.
284-N	Same as #284, but with 1/2" dia. rope; 8" dia. end pulleys #2863-A and #2864-A; and 8" dia. floor pulley #2866-A	\$ 47.91/ft.
384-N	Same as #284-N, except with black aluminum track and black track parts	\$ 52.47/ft.
284-R	Same as #284-N, but with neoprene-tired ball-bearing carriers #2849 and #2850	\$ 63.78/ft.
384-R	Same as #284-R, except with black aluminum track and black track parts	\$ 61.47/ft.

#2865
Tension
floor pulley

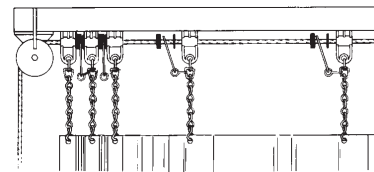

Black Finish: The 280 series track and track parts are all available with a black finish at additional cost. Prices on request.

Back-Pack Guides:

Are used to force a curtain to gather at the off-stage ends of curtain tracks, instead of the normal method where the curtain gathers as the master carrier pushes the curtain along the track. With back-pack guides installed, the curtain appears to slide out of sight. Principal use is for curtains which must pass thru a slot in a wall to store in a wall pocket. Also may be used with painted backdrops to create a sliding mural effect. *Back-pack guides considerably increase the initial effort required to operate the curtain and may cause pre-mature wear of the curtain cord.* Also known as "rear-fold guides".

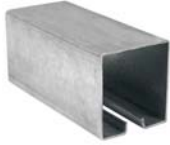

#2833 w/2801

Back-Pack Guides and trim chains installed

2833	Back-pack guide for hand operated #280 tracks with 3/8" dia. cord. Includes 2 rubber spacer grommets..\$	5.42
2833-A	Back-pack guide for hand operated #283 tracks with 1/2" dia. cord. Includes 2 rubber spacer grommets...\$	7.90
2834	Back-pack guide for machine operated #280 tracks with 3/16" dia. wire center cord. Includes 2 rubber spacer grommets.	\$ 5.41

Catalog No.	Description	Price			
2800	Track channel, 14 ga. galvanized steel, up to 24' continuous sections. Longer tracks may be assembled using track splices. Size 2-5/8" w by 2-3/4" h, weight 44 oz/ft.....	\$ 13.74/ft.			
2800BL	Track channel, 14 ga. black finish steel, up to 24' continuous sections. Longer tracks may be assembled using track splices. Size 2-5/8" w by 2-3/4" h, weight 44 oz/ft.....	\$ 21.05/ft	#2800	#2801	#2802
2800ABL	Track channel, 12 ga. extruded aluminum with black finish, in lengths up to 24'. Size 2-5/8" wide by 2-3/4" high, weight 15 oz/ft.....	\$ 19.68/ft			
2801	Standard carrier, plastic body with ball-bearing axel, plastic wheels, 5" trim chain.....	\$ 9.60			
2802	Standard master carrier, steel body with ball-bearing axels, 4 plastic wheels, 5" trim chains, cord clamps.....	\$ 33.69	#2803	#2804	#2805
2803	Live end pulley, two 4" dia. nylon ball-bearing pulleys	\$ 67.44			
2804	Dead end pulley, 4" dia. nylon pulley	\$ 39.66			
2865	Floor pulley, spring tension with sleeve bearing nylon pulley.....	\$ 49.18			
2807	Overlap clamp. 2 required at center of bi-parting track to create overlap of the curtain halves.	\$ 9.09			
2808	Hanging clamp to support track. Recommended spacing 7'	\$ 6.16	#2807	#2808	#2809
2809	End stop and cord support	\$ 5.92			
2824	Splice clamp for suspended track. Also used to support track at splice	\$ 62.34			
2824-A	Splice clamp for ceiling surface mounted track. Requires drilling and taping threaded holes in sides of track. Includes correct size thread tap..	\$ 65.20			
2815	Batten clamp to rigidly attach track to 1-1/2" size (1.90" OD) pipe batten. Requires #2808 track clamp and extra bolt and nut. Models to fit other sizes of pipe are also available.	\$ 9.61	#2824	#2824-A	#2815 with 2808
CPS-1	Center pipe support is used at the center of a biparting track at the center overlap to support a track from a pipe batten. Adjacent batten clamps must be at least 6 feet to either side of center support. Does not include required batten clamps.	\$ POR			
FCC-28	Clamp to attach 280 series track directly against a flat surface or beams. Base plate of clamp is fastened as required, then the track is lifted into place and clamped to the base plate using the side brackets and bolts. Eliminates the difficulty of drilling holes in the top of the track and then trying to align holes in track with fasteners in the ceiling.....	\$ 40.00	#CPS-1 with 2815	#FCC-28	#FCC-28 with rod adapter
FCC-28-RD	Same as FCC-28 with adapter for 3/8" threaded rod.	\$ 45.00			
2849	Carrier, neoprene tired, ball-bearing wheels ...	\$ 43.62			
2850	Master, metal body with 4 neoprene tired ball-bearing wheels, and 5" trim chain.....	\$ 95.01	#2849	#2850	#2851
2851	Carrier, metal body with nylon-tired ball-bearing wheels, and 5" trim chain.....	\$ 28.16			
2852	Master, metal body with 4 nylon-tired ball-bearing wheels, and 5" trim chain.....	\$ 69.18			
2861	Scenery/Sliding Door carrier has 4 nylon tired ball-bearing wheels, cord clamps, and adjustable plate to level the load. Capacity is 100 pounds.....	\$ 264.48			
2861-A	Basic scenery carrier has 4 nylon tired ball-bearing wheels on solid steel body and 3/8" dia. threaded bolt to attach scenery. Bolt is welded in place so it will not turn. On request can be furnished with loose bolt. Capacity is 150 pounds.....	\$ 86.13	#2852	#2861	#2861-A

Catalog No.	Description	Price			
2839	Overlapping master carrier has an extended arm supported by a 5th wheel to attach the leading edge of curtains. Steel body with four nylon tired ball-bearing wheels. Used on single section tracks (no track overlap) with center opening (bi-parting) curtains. Two required per track. Includes trim chains (not shown).....	\$ 210.12			
2802B	Extended master carrier with spring loaded brake. For walk-a-long tracks only. Brake releases by pulling down on cord (not included) while moving carrier along track.....	\$POR	#2839	#2802B	
FSBTP-3	Floating sandbag tension pulley. Black nylon fabric bag with Velcro sealed top holds up to 10 lbs sand has 3" dia pulley attached with steel gated hook. Use with curtain tracks that fly. Also available with 5" and 8" dia pulleys.	\$POR			
2805	Floor pulley, adjustable with sleeve bearing nylon pulley	\$ 57.52	#FSBTP-3	#2805	#TC-2
TC-2	Trim chain, 5 links. Included with all of the 280 series carriers. Used to extend existing trim chains or replace missing chains. Links provide approx. 1/2" height adjustment increments.	\$.98			
DBP-12	Curtain cord 3/8" dia. black double braided polyester. Equal to ADC#2828	\$.90/ft			
2830	Curtain cord 1/2" dia. black for use with #283-N and 283-R tracks.	\$ 1.60/ft	#DBP-12	#2830	# 2829 or #3529
2829	Wire center cord 1/4" dia. has glazed woven cotton cover. For use with machine operated tracks which have 1/4" grooves on the cable drum.	\$.92/ft			
3529	Wire center cord 3/16" dia. has woven polyester cover. For use with machine operated tracks which have 3/16" grooves on the cable drum.	\$.88/ft			
2801-A	Special carrier for replacement of broken carriers or for inserting additional carriers on a track without removing and re-threading the track cord. Metal body has removable cord keeper.	\$ 26.34	#2801-A	#2801-B	#2803-B
2801-B	Carrier, steel body with ball-bearing axle, plastic wheels, 5" trim chain	\$ 12.13			
2803-B	Center take-off pulley, two 4" dia. ball-bearing pulleys	\$ 249.44			
2803-F	Flying live end pulley, with two 4" dia. nylon ball-bearing pulleys and two 1" dia steel ball-bearing mule pulleys.....	\$ 268.77	#2803F	#2863-A 8"	#2864-A 8"
2863	Live end pulley, two 5" dia. nylon ball-bearing pulleys	\$ 188.06			
2863-A	Live end pulley, two 8" dia. nylon ball-bearing pulleys	\$ 226.70			
2864	Dead end pulley, 5" dia. nylon ball-bearing pulley.....	\$ 127.50			
2864-A	Dead end pulley, 8" dia. nylon ball-bearing pulley.....	\$ 150.21	#2866-A 8"	#2806	#2825 bumper
2866	Adjustable floor pulley, with 5" dia. nylon ball-bearing pulley	\$ 114.45			
2866-A	Adjustable floor pulley, with 8" dia. nylon ball-bearing pulley	\$ 306.30			
2806	Non-adjustable floor pulley.....	\$ 51.22			
2825	Replacement rubber bumper for 2801 carriers. Not for use with back-pack guides.	\$ POR			
2826	Rubber spacer 1/8" thick is installed on curtain cord between carrier and back-pack guides for quieter operation.	\$.20			
2827	Rubber spacer 7/16" thick is installed on curtain cord between back-pack guide and next carrier. Also used on tracks between metal body carriers that do not have rubber bumpers.	\$.26	#2826	#2827	#2827A
2827-A	Rubber spacer with larger 5/8" dia. hole for use on tracks having 1/2" dia. curtain cord.	\$ POR
