

3 FC-1 connected in a curve

latches

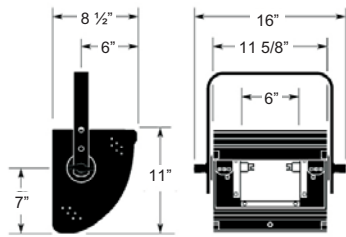

FC-1 Focusing Cyc

FC-1 Focusing Cyc with yoke

EC-1 Econo Cyc

EC-1 Focusing Cyc with yoke

### FOCUSING CYC:

Modular cyc light has "asymmetrical" reflector designed to provide an even wash of light on cycloramas or backdrops, and includes a rear mounted knob which tilts the lamp reflector to vertically adjust the direction of the light beam. Light beam angle of 95° horiz. by 101° vert. Basic unit includes tool free spring latches for connecting adjacent units together in a row or a curve horizontally or a curve vertically. A set of leveling feet can be used to tilt the fixture when sitting on a floor. Optional hanging yokes can be used to suspend 1, 2, 3, or 4 units as a single fixture. Optional floor trunions can support and tilt rows of units off the floor, wall or ceiling. Adjustable lamp sockets can be configured for use with double ended quartz lamps of 4-11/16", 5-5/8", or 6-9/16" MOL with wattages from 300 to 1500 per section. Each unit includes 3' leads, safety cable, safety screen, and 11-1/2" x 10-1/4" hinged color frame. Optional hanging yokes, arms, or floor trunions require a #97-0175 hardware kit. UL listed for 1500 watts. Altman brand.

#FC-1 Focusing Cyc, single section.....\$ 371.25

### ECONO CYC:

Modular cyc light has "asymmetrical" reflector designed to provide an even wash of light on cycloramas or backdrops. This is a "stripped down" version of the Focusing Cyc. Light beam angle is 50° horiz. by 65° vert. Basic unit just sits on the floor. A sliding side bracket permits rigidly connecting multiple units together in a row. Optional hanging yokes can be used to suspend 1, 2, 3, or 4 units as a single fixture. Optional floor trunions can support and tilt rows of units off the floor. Optional set of leveling feet can screw into bottom of individual fixtures to provide some vertical tilt. Adjustable lamp sockets can be configured for use with double ended quartz lamps of 4-11/16", 5-5/8", or 6-9/16" MOL with wattages from 300 to 2000 per section. Each unit includes 3' leads, safety cable, safety screen, and 11-1/2" x 10-1/4" hinged color frame. Optional hanging yokes, arms, or floor trunions require a #97-0175 hardware kit. UL listed for 2000 watts. Altman brand.

#EC-1 Econo Cyc, single section .....\$ 210.00

### Accessories for Econo Cyc & Focusing Cycles:

Cat. #	Price	Description	EC-1	FC-1
FC-CF	\$ 23.40	Black hinged color frame 11-1/2" x 10-1/4"	incl.	incl.
FC-SGR	\$ 27.30	Black retainer for stripped glass - glass by others	opt.	opt.
510	\$ 13.65	Standard clamp fits directly on to top of FC-1		opt.
508**	\$ 48.75	Hanging arm and clamp (pair)**	opt.	opt.
FT**	\$ 37.12	Black floor trunion (pair)**	opt.	opt.
CFT-HD**	\$ 58.50	Castered black floor trunion (pair)**	opt.	opt.
38-0149	\$ 4.68	Black adjustable height feet. 3 required.	opt.	incl.
35-20102	\$ 30.00	Spring latch set (M&F) to connect FC-1		incl.
20-2087	\$ 14.43	Slide bracket to connect EC-1 to another	inc.	
FC-1Y**	\$ 29.62	Single cell yoke with 510 clamp**	opt.	opt.
FC-2Y**	\$ 50.62	Two cell horiz. yoke with 510 clamp**	opt.	opt.
FC-3Y**	\$ 73.12	Three cell horiz. yoke with 510-HD clamp**	opt.	opt.
FC2X2Y**	\$ 90.00	Two over two cell yoke with 510-HD clamp**	opt.	opt.
97-0175	\$ 20.02	Hardware kit for optional mounting accessories	opt.	opt.
SC-36-BK	\$ 4.87	Safety cable, 36" with snap	inc.	incl.

"incl." = included with fixture, "opt." = optional

\*\* requires #97-0175 hardware kit

### Popular Lamps for Econo Cyc & Focusing Cycles:

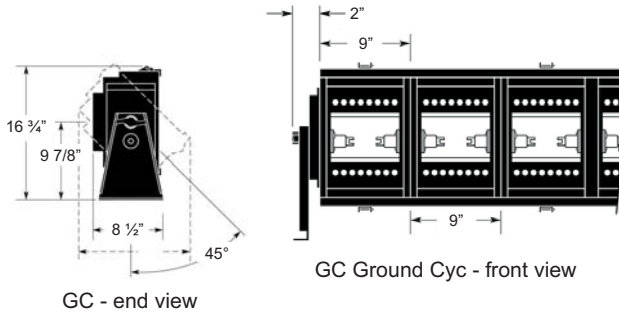

Cat. No.	Price	Watts	Hours	Color Temp.	Rated Lumens	Lamp Base
FCL	\$ 6.50	500	2000	3000K	11,000	4-11/16" MOL
FDL	\$ 13.50		400	3200K	13,250	
EJG	\$ 11.25	750	400	3200K	20,600	
FCM	\$ 6.37	1000	400	3200K	28,000	
FFT	\$ 11.64	1000	400	3200K	26,400	6-9/16" MOL
FDB*	\$ 17.62	1500	400	3200K	41,200	

\* FDB 1500 watt lamp is only for use with FC focusing cyc.

Above lamps are all clear. Frosted lamps and lamps of other wattages and color temp. are also available.

## GROUND ROW CYC LIGHTS:

Multi-lamp, compartmented light has "asymmetrical" reflectors designed to provide an even wash of light on cycloramas or backdrops from a floor position, usually hidden behind a "ground row" or from a pit. Light beam angle of 50° horiz. by 65° vert. UL listed for use with double ended (4-11/16" MOL) quartz lamps from 300 to 1000 watts. Includes floor trunnions, 3' leads per circuit, safety cable, safety screens, 8-3/4" x 13" color frames. Ground cyc units with multiple sections have all sections wired individually thru to one end unless requested otherwise. Can also be wired as multi-circuit on request (max 2 sections per circuit). GC-8 and larger will require an additional crating charge.

#GC-1	Ground Cyc, 1 section .....	\$ 243.75
#GC-2	Ground Cyc, 2 sections .....	\$ 360.00
#GC-3	Ground Cyc, 3 sections .....	\$ 543.75
#GC-4	Ground Cyc, 4 sections .....	\$ 727.50
#GC-6	Ground Cyc, 6 sections .....	\$ 1087.50
#GC-8	Ground Cyc, 8 sections .....	\$ 1500.00
#GC-9	Ground Cyc, 9 sections .....	\$ 1631.25
#GC-12	Ground Cyc, 8 sections .....	\$ 2118.75
#GC-CF	Color frame for ground cyc, 8-3/4" x 13" (incl.)	\$ 14.95
#508	Hanging arm and 510 clamp, pair .....	\$ 48.75
#FT	Black floor trunion, pair (incl.) .....	\$ 38.61
#CFT-HD	Castered black floor trunion, pair .....	\$ 58.50
#SC-36-BK	Safety cable, 36"(incl.) .....	\$ 4.87

## SKY CYC:

Flood fixture with large asymmetrical reflector designed to provide an even wash of light on cycloramas or drops from overhead. Light beam angle of 100° horiz. by 105° vert. UL listed for use with double ended (6-9/16" MOL) quartz lamps from 1000 to 1500 watts. Includes hanging yoke, #510 clamp (#510-HD clamp is included with 3 or 4 section units), color frames, safety screen, safety cable, 3' leads per section.

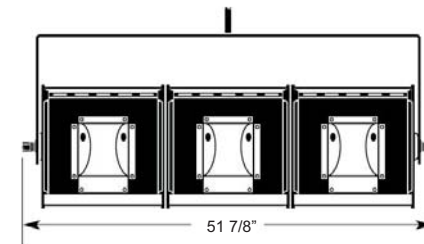

#SKY-CYC-01	Sky cyc, single section .....	\$ 307.50
#SKY-CYC-02H	Sky cyc, 2 horizontal sections .....	\$ 543.75
#SKY-CYC-02V	Sky Cyc, 2 vertical sections .....	\$ 543.75
#SKY-CYC-03H	Sky Cyc, 3 horizontal sections .....	\$ 761.25
#SKY-CYC-04	Sky Cyc, 4 sections, 2 rows of 2 .....	\$ 993.75
#SC-CF	Color frame, 14-1/2" x 15-7/8" (incl.) .....	\$ 21.45

## Popular Lamps for Sky Cyc & Ground Cycles:

Cat. No.	Price	Watts	Hours	Color Temp.	Rated Lumens	Lamp Base
FCL	\$ 6.50	500	2000	3000K	11,000	4-11/16" MOL
FDL	\$ 13.50		400	3200K	13,250	
EJG	\$ 11.25		400	3200K	20,600	
FCM	\$ 6.37	1000	400	3200K	28,000	6-9/16" MOL
