

### MULE PULLEYS:

Small rope pulleys are used to route curtain cords around obstacles and for light duty rigging for curtains. *Not for use lifting heavy scenery and lights!* MB-1 and MB-2 for 1/8" to 1/4" rope are also very useful for rigging props and mechanical special effects. HH44-01 thru HH47-06 with heavy gauge metal side plates and ball-bearing nylon pulleys are for 1/4" to 3/8" dia. rope. Models for more lines are also available.

Catalog No.	Description	Price
MB-1	Mule pulley with single 1" dia. steel ball-bearing pulley.....	\$ 17.41
MB-2	Mule pulley with two 1" dia. steel ball-bearing pulleys.....	\$ 32.51
LCP-1	Lift curtain pulley with 3" dia. sleeve-bearing nylon pulley has 150 lbs. load capacity.....	\$ 33.03
HH44-01	Vertical pulley, 2.5" dia., 1 line.....	\$ 16.40
HH44-02	Vertical pulley, 2.5" dia., 2 line.....	\$ 22.80
HH44-03	Vertical pulley, 2.5" dia., 3 line.....	\$ 29.20
HH44-04	Vertical pulley, 2.5" dia., 4 line.....	\$ 35.60
HH44-05	Vertical pulley, 2.5" dia., 5 line.....	\$ 42.00
HH44-06	Vertical pulley, 2.5" dia., 6 line.....	\$ 48.00
HH45-01	Horiz. pulley, 2.5" dia., 1 line.....	\$ 20.00
HH45-02	Horiz. pulley, 2.5" dia., 2 line.....	\$ 26.40
HH45-03	Horiz. pulley, 2.5" dia., 3 line.....	\$ 32.80
HH45-04	Horiz. pulley, 2.5" dia., 4 line.....	\$ 39.20
HH45-05	Horiz. pulley, 2.5" dia., 5 line.....	\$ 45.60
HH45-06	Horiz. pulley, 2.5" dia., 6 line.....	\$ 52.00
HH46-01	Vertical pulley, 4" dia., 1 line.....	\$ 34.80
HH46-02	Vertical pulley, 4" dia., 2 line.....	\$ 49.04
HH46-03	Vertical pulley, 4" dia., 3 line.....	\$ 63.28
HH46-04	Vertical pulley, 4" dia., 4 line.....	\$ 77.52
HH46-05	Vertical pulley, 4" dia., 5 line.....	\$ 91.76
HH46-06	Vertical pulley, 4" dia., 6 line.....	\$ 106.00
HH47-01	Horiz. pulley, 4" dia., 1 line.....	\$ 44.80
HH47-02	Horiz. pulley, 4" dia., 2 line.....	\$ 59.04
HH47-03	Horiz. pulley, 4" dia., 3 line.....	\$ 73.28
HH47-04	Horiz. pulley, 4" dia., 4 line.....	\$ 87.52
HH47-05	Horiz. pulley, 4" dia., 5 line.....	\$ 101.76
HH47-06	Horiz. pulley, 4" dia., 6 line.....	\$ 116.00

### CONTOUR AND AUSTRIAN CURTAIN PULLEYS:

These pulleys are designed to route the multiple lift lines of lift style curtains back to a line clew. HH48 series is available for attachment to a batten pipe (as shown) or with a flat mounting plate (on request). Each consists of a vertical single 2.5" dia. nylon ball-bearing pulley and either horizontal or vertical idler pulleys on one side. Horizontal idlers are used with straight curtains, and vertical idlers (as shown) are used with curved layout curtains. Additional models are available.

Catalog No.	Description	Price
HH48	Contour pulley, single line.....	\$ 52.40
HH48S	Contour pulley, single line swivel.....	\$ 72.40
HH48-01	Contour pulley, single line w/1 idler.....	\$ 66.80
HH48-02	Contour pulley, single line w/2 idlers.....	\$ 73.20
HH48-03	Contour pulley, single line w/3 idlers.....	\$ 79.70
HH48-04	Contour pulley, single line w/4 idlers.....	\$ 86.00
HH48-05	Contour pulley, single line w/5 idlers.....	\$ 92.40
HH48-06	Contour pulley, single line w/6 idlers.....	\$ 98.80
HH48-08	Contour pulley, single line w/8 idlers.....	\$ 119.20
HH48-10	Contour pulley, single line w/10 idlers.....	\$ 132.00
HH48-12	Contour pulley, single line w/12 idlers.....	\$ 144.80

### LINE CLEWS:

Used to combine several lift lines into one line for manual or motorized raising and lowering of a curtain. Fabricated of steel plate with welded tubes on each side for guide cables. Models from 6 to 24 lines (or more) are available. Also available with guide wheels and tracks for horizontal or vertical applications.

Catalog No.	Description	Price
#HH42-6	Heavy duty wire guide clew, for 6 lines, used with hand winches to fly lighting and scenery pipes.....	\$ 92.00
#HH42-12	Heavy duty wire guide clew, for 12 lines.....	\$ 136.80

Curved Pipe Batten

Straight Pipe Batten

### PIPE BATTENS:

Are recommended to reinforce curved and straight curtain tracks which are suspended by chains, cables, or rigging. Standard straight pipe battens use 1.5" ID size (1.9" OD) schedule 40 steel pipe. Smaller 1.25" ID size pipe is used for curved tracks, or as straight batten pipes to support fixed border and valance curtains. Shipping crates priced separately.

Catalog No.	Description	Price
#PB-1	Curved pipe batten, 1.25" size, when shipped in same crate as matching curved track.....	\$ POR
#PB-2	Same as #PB-1, but shipped without track.....	\$ POR
#PB-3	Straight pipe batten, 1.25" size.....	\$ POR
#PB-4	Straight pipe batten, 1" size.....	\$ POR
#PB-5	Straight pipe batten, 1.5" size.....	\$ POR
