Dimensions:

Model #	Dimensions					Color Frame
	A	B	C	D	E	
Micro-Ellipse	8.75"	8.5"	6.25"	2.5"	6.5"	3 3/8" X 3 3/8"
Master-Ellipse	13"	9.25"	6.25"	2.6"	7.25"	

MICRO SPOTS:

Compact spot and flood lights are excellent for accent lighting of video sets, displays, convention exhibits, floral arrangements, club lighting, and small theatres. Micro-Ellipse and Master-Ellipse can also project static and rotating gobo pattern images onto walls, ceilings, floors, or backgrounds. Request full Gobo Pattern catalog. Custom patterns can be created at reasonable

MICRO-ELLIPSE:

Miniature ellipsoidal spotlight uses 75 watt EYC 12 volt MR16 reflector lamp to produce narrow to medium beam. Includes four integral framing shutters and two adjustable lenses for sharp or soft focus. Use optional pattern holder and 1.5" dia. "E" size gobo patterns to project visual images. The black extruded aluminum body has an effects slot for a pattern holder or a gobo rotator. Includes a 5' cord with molded plug, color frame, 18" safety cable, and dimmable electronic step-down transformer mounted on the yoke. Lamp not included. Altman brand.

#ME-110	Micro-Ellipse spotlight. for 120 vac.....	\$ 172.50
#ME-220	Micro-Ellipse spotlight. for 208-240 vac.....	\$ 172.50
#EYC	Lamp for Micro-Ellipse, MR-16, 75 watts 12 volt, 42° flood.....	\$ 3.90

MASTER-ELLIPSE:

Miniature ellipsoidal spotlight uses a special CDM (ceramic metal halide) enclosed arc lamp inside an ellipsoidal reflector to produce brighter images and longer throw distances than the Micro-Ellipse. CDM lamp life is astounding 12,000 hours. Lamp is not dimmable. Includes four integral framing shutters and two adjustable lenses for sharp or soft focus. Use optional pattern holder and 1.5" dia. "E" size gobo patterns to project visual images. The black extruded aluminum body has an effects slot for a pattern holder or a gobo rotator. Includes a 4' cord with molded plug, color frame, 18" black safety cable, and an electronic ballast for the CDM lamp mounted on the yoke. Uses 39 or 70 watt CDM lamp. Also available for 220 or 277 vac at same price, and with optional track mount to fit lighting tracks. Altman brand.

#MAC-110-70	Micro-Ellipse spotlight. for 120 vac.....	\$ 435.00
#CDM70/T6/830	70 watt CDM lamp 3000K color temp.....	\$ 49.40
#CDM70/T6/942	70 watt CDM lamp 4000K color temp.....	\$ 49.40

ACCESSORIES FOR MICRO-ELLIPSE AND MASTER-ELLIPSE:

#MSPIN-110	Dual gobo rotator fits current models of Master-Ellipse and Micro-Ellipse which have slot for special effects. Can be used with one or two "E" size steel gobos. Variable speed.....	\$ 270.00
#MAPH-G	Pattern holder for "E" size glass or metal gobos. Hinged and spring loaded. Has 1.25" opening.....	\$ 11.25
#MA-DN	Black metal donut with 1.75" opening fits into color frame holder to sharpen image.....	\$ 6.00
#ME-CT	Set of 2 circle templates (4 opening sizes).....	\$ 8.00
#MA-SN	Snoot, to reduce stray light.....	\$ 8.40
#MCF	Color frame, 3-3/8" x 3-3/8" (included).....	\$ 3.40
#SC-18_BK	Safety cable, 18" black (included).....	\$ 2.80
#510-F	Clamp, light duty steel with 5/16" bolt, fits 1/4" to 1-1/2" pipe.....	\$ 5.20
#SS-800	Clamp, medium duty steel with 3/8" bolt and plastic knob. Fits up to 1-1/2" pipe.....	\$ 5.00
#510	Clamp, malleable iron, with 1/2" bolt. Fits 3/4" to 1-1/2" pipe.....	\$ 11.51
#F-SAS	Combo stand adapter, with 1/2" bolt. Fits onto 5/8" lighting stud or stand top, or into 1-1/8" lighting stand socket.....	\$ 15.12
#B3102	Stand adapter with 3/8" threaded stud and nut to mount light to a 5/8" lighting stud or stand top.....	\$ 11.05
#TLA-	Track lighting adapters (factory mounted) for some model Lightolier, Halo, Eco, and Global lighting tracks are available.....	\$ POR

Gobo Patterns

A large number of steel and glass gobo patterns are available in the "E" size to fit the Micro-Ellipse and Master-Ellipse spotlights. A separate catalog is available.
