**LOWEL LIGHTS:**

Compact, light weight, and durable lights designed for video or film applications on location or in the studio. DP and OMNI Lights both feature changeable reflectors with different optical properties, rotatable barndoors, accessory holders, and snap-in accessories. TOTA and V-Light both have built-in adjustable reflector doors which fold closed for storage and travel. The VIP and I-Light feature interchangeable accessories and small size. Two year manufacturer's warranty of all Lowel Lights.

**DP LIGHT:**

A variable focus floodlight with 7" dia. reflector which accepts lamps up to 1000 watts. Includes 16' cord with in-line switch and molded plug, and stand mount to fit 5/8" stud. Beam angle from 15° to 78°. Uses Med 2-pin base lamps of 120 or 220 volts.

#D2-10 DP Light with cable and protective screen..... \$ 182.75

**OMNI-LIGHT:**

Variable focus floodlight with 5.5" dia. reflector for lamps up to 500 watts. Includes 16' cord with molded plug and in-line switch, safety screen, and stand mount for 5/8" stud. Uses 2-pin prefocus base lamps of 12, 30, 120, or 220 volts (optional cables and reflectors required for some voltages).

#O1-10 Omni Light with cable and protective screen... \$ 157.25

V-Light

Pro or i-Light  
w/barndoors**ViP LIGHTS:**

Tiny, versatile portable lights for hand held, camera top, or stand applications. PRO-LIGHT and i-Light are adjustable focus. V-Light is wide flood. All three can use #T1-25 umbrella or #T1-20 folding filter frame.

**PRO-LIGHT & i-LIGHT:**

Adjustable focus plus optional super narrow beam reflector for long throws. Barn door frame holds combination of barndoor leaves or swing-in accessory holders. Pro-Light includes stand mount, switch, 4' cable, 12' extension cable with molded plug, and it accepts 120, 30, and 12 volt lamps up to 250 watts. The i-Light is intended for battery operation and has a different lamp socket which uses either a 100 or 55 watt 12/14 volt lamp. Standard i-Light includes 100 watt lamp, stand mount, 4' cable, and "cigarette lighter" connector. May also be ordered with optional 4 or 5 pin XLR connector or BP-90 connector to fit various battery packs. Mechanical accessories are interchangeable between the lights, but lamps are not!

#P1-10 Pro-Light with cable and extension cable..... \$ 127.59

#i-01 i-Light (standard) with 55 watt lamp, 100 watt lamp, 4' fixed cable with cigarette lighter connector, #2 reflector, prismatic glass, VIP-37 Low-Link, VIP41 Cam-Link, iP-35 focus knob extension, ViP-39 Stand-Link ..... \$ 148.75

#id-01 id-Light (standard) package is same as i-Light, but includes built-in dimmer..... \$ 250.75

**V-LIGHT:**

Extreme wide angle flood light has adjustable reflector doors and a glass tube to protect the lamp. Includes switch, 16' cable with molded plug, #ViP-36 L-link, and stand mount. Accepts 120 or 240 volt 500 watt double ended lamps.

#V1-10 V-Light with 16' cable and L-link..... \$ 119.00
